SUMMARY

Highly passionate web developer, seeking an opportunity to extend my web development knowledge and skills. Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

SKILLS

Technical Skills: HTML5, CSS3, SASS, JavaScript, ReactJS, ReduxJS, Python, Sql

Soft Skills: Communication, leadership

INTERNSHIP EXPERIENCE

3/2023 - 4/2023 **Front-end Web Developer** Oasis Infobyte

- Developed and tested user interfaces for web applications using HTML, CSS, and JavaScript.
- Gaining valuable experience with version control systems like Git for efficient code management and collaboration.

HACKATHON EXPERIENCE

23-25/08/2023 **Participant** IEEE Runtime

- Spearheaded the development and implementation of a dynamic networking site for healthcare professionals using the MERN stack.
- Designed and implemented the user interface, ensuring an intuitive and seamless experience for doctors to connect, share insights, and collaborate on medical cases.
- Developed a robust back-end system utilizing Node.js and Express.js, with MongoDB as the database, to manage user profiles, medical expertise, and networking features.

PROJECTS

ReactJS, CSS **E-Commerce Platform**

Developed the entire front-end of the e-commerce website, including the product catalog, user authentication, shopping cart, and checkout process.

Implemented responsive design principles to ensure optimal performance on various devices.

Employed React Router for seamless page navigation and optimized routing. Conducted code reviews to maintain code quality and consistency.

ReactJS, CSS **Personal Portfolio Website**

Created a user-friendly, responsive website to display my web development portfolio, including project descriptions, technologies used, and project links.

Utilized React Router to create a multi-page website for easy navigation between the homepage, project showcase, and contact page.

Designed and implemented an interactive contact form to facilitate easy communication with visitors.

Employed CSS for styling and responsive design, ensuring the website's compatibility with various devices and screen sizes.
